

Transport & Communication

10th Summer Academy on the History of the Jews in the Holy Roman Empire and its Successor States

Vienna, Eisenstadt, Fürth, Fulda, Wolfenbüttel, Jever & Leer

25 July – 10 August 2018

The Summer Academy on the history of the Jews in the Holy Roman Empire and its successor states was established in 2009 as spin-off product of the research-cluster „The Jewish Holy Roman Empire“. From its inception, the main objective of the summer academy has been to acquaint students and early career scholars with an intensive, critical, interdisciplinary, research-oriented and source-based training in the history of the Jews and their relations with the non-Jewish environment in Central Europe from the late 15th century to the present. The summer academy focuses on, but is not limited to the Jewish experience in the Holy Roman Empire. Every year the summer academy focuses on a different special subject. In 2018 the focus is on "Transport and Communication".

The Summer Academy comprises altogether five components, which consist of at least fourteen teaching units of 90 minutes each:

- A) Background knowledge and discussion
- B) In-depth teaching units concerning the respective special topic
- C) Excursions
- D) Palaeography courses
- E) and F) Historical Moot Courts (Ius Commune MC – The Imperial Aulic Council) and Historical Jewish Law Moot Court – The Rabbinic Tribunal of Prague)

Palaeography courses are offered in six different variants giving the participants the opportunity to acquire or enhance reading skills in original German, Hebrew, Yiddish, Judaeo-German and Judaeo-Spanish sources on different levels.
